

Fluid-resistant face protector for hard hats

Fits most major brands

Secures into accessory slots and around brim

Wide-angle wrap-around design

Features

17-12052

The fluid-resistant face protector for hard hats was developed based on customer requests to protect from liquid splash in the industrial environment.

- Blocks liquid splash, dust, and debris
- Meets D2 liquid splash protection and ANSI/ISEA Z87.1-2015 standard for impact, optical clarity, and haze
- Wide-angle wrap-around design providing excellent peripheral vision
- Anti-fog on interior and exterior
- Easy to secure in hard hat accessory slots and brim
- Fits major brands such as HexArmor®, MSA, Bullard, Honeywell, Jackson, and more
(note: fit testing recommended with all 3M helmets prior to purchase)
- Constructed of APET 0.020 inch plastic
- Size: 17.97"x9.2"
- Case Quantity: 100
- Do not use as protection against flames or sparks
- The product is not eligible for returns
- Made in USA
